

Waters

2007 Syrah

Columbia Valley

\$30 retail price

1,024 cases produced

This wine is known for its high natural acid, creamy mouth-feel, refined tannins and balance of fruit and earth, making it the ultimate wine for food pairing. The aromatics and flavors are marked by numerous layers, such as black cherry, cola, cracked pepper, Asian spices, olives, mushrooms, grilled meats and charcuterie. The structure is lush without being over-ripe, and offers a streamlined burst of acidity from the tip of the tongue to the back of the mouth. This rather distinct energy in the palate forces you to think more about the crescendo of structure rather than its long finish.
